

Welcome to Your AI Media Automation System

Congratulations and welcome!

You now own a powerful AI-driven automation workflow built to keep reposting and distributing video content across multiple platforms automatically.

What you've bought isn't just a script. It's a full system that:

- Runs on autopilot using n8n and Postiz (UploadPost API)
- Pulls videos from your Google Drive or shared links
- Reposts content consistently to maximize views and exposure
- Can post your content, viral content, or even AI-edited media

The possibilities are endless:

- Market **anything** you like: digital products, coaching, courses, affiliate offers
- Post content like:
 - "Let me show you how to make money with cars and AI"
 - "Let me show you how to make money with style and AI"
- Edit, remix, or repost viral content to ride trends
- Set it up once and let it work while you sleep

All you need to do:

Import the workflow into n8n

Connect your Google Drive and API key

Activate and let it run

This is a system you can run for yourself or resell to others or both. Whether you're building an

audience or building a business, this tool is your unfair advantage.

Let it run. Let it earn.

Automation is the future. Now you're in control of it.

Thank you for your purchase now go build something legendary.
